After your course

We believe that honest feedback is integral in helping us deliver the highest quality of surgical training. To encourage this, we ask all course participants to give their views via our online evaluation survey, which takes no more than ten minutes to complete.

Completing the online evaluation

You need to complete the online evaluation before you can access your certificate. The link to the online evaluation will be emailed to you after the course, using our email address

Accessing your course certificate

Course certificates are available to download via your account on RedaHarbyCourses.com website. Your certificate will only be created once you have completed the online evaluation and can take a couple of hours to appear on your account.

For Any Queries Please Message Us : support@mracs.courses
